

HWO New Student Housing, ETH Zurich

This housing complex, which consists of three buildings, will be construction by the Stiftung für Studentisches Wohnen of Foundation for Student Housing in cooperation with ETH Zurich. The foundation is in charge of two buildings, ETH for one of the buildings, which are co-financed with funds from private foundations. The buildings should be finished and ready for occupancy by autumn of 2015. This is not only the first housing complex, which will be located directly on the campus; with its planned 485 rooms and 8 studios in 63 shared apartments, it is also the largest student housing complex in the city.
