UBS AG Branch Format

Over the next years, UBS AG intends to re-standardize and optimize the UBS network of branches in Switzerland. Its goal is to create a unified look of all branches with a design concept and therefore, achieve distinct brand awareness. The network of branches of UBS Switzerland is divided into 10 clusters. The renovation of these branch offices will be carried out in 8 phases. In total, UBS AG will renovate and unify approx. 380 branches in Switzerland.
