

Public Tender UNI PHZ Lucerne

The ZHB location on the 1st upper floor of the UNI/PHZ building connects the thus far decentralized university libraries of ZHB with the research library of PHZ to create a large research library in the centre of Lucerne. Among the media offered are particularly science journals, reference books, source collections, introductory and basic literature, and research literature. This project was realized by our partner office for building economy, www.bfbag.ch
